To ensure the future of our sister school relationship with Kunshan Yufeng Experimental School, we have accepted a delegation of 12 Chinese students to visit our school from 18th July until 24th July 2016.

I have placed 10 of the students with families from our school, but need a homestay for two boys. The boys can stay together in the same home or, can be billeted separately. The invitation to host a Chinese student is open to all students, Foundation – Grade 6.

Please do not hesitate to contact me should you require further information.

Darrelyn Boucher
Principal

Please return to school by Wednesday 22nd July 2016.

I am able to accommodate one / two (please circle) Chinese boys for the time that the delegation is visiting our school.
